

ATP6V1B2

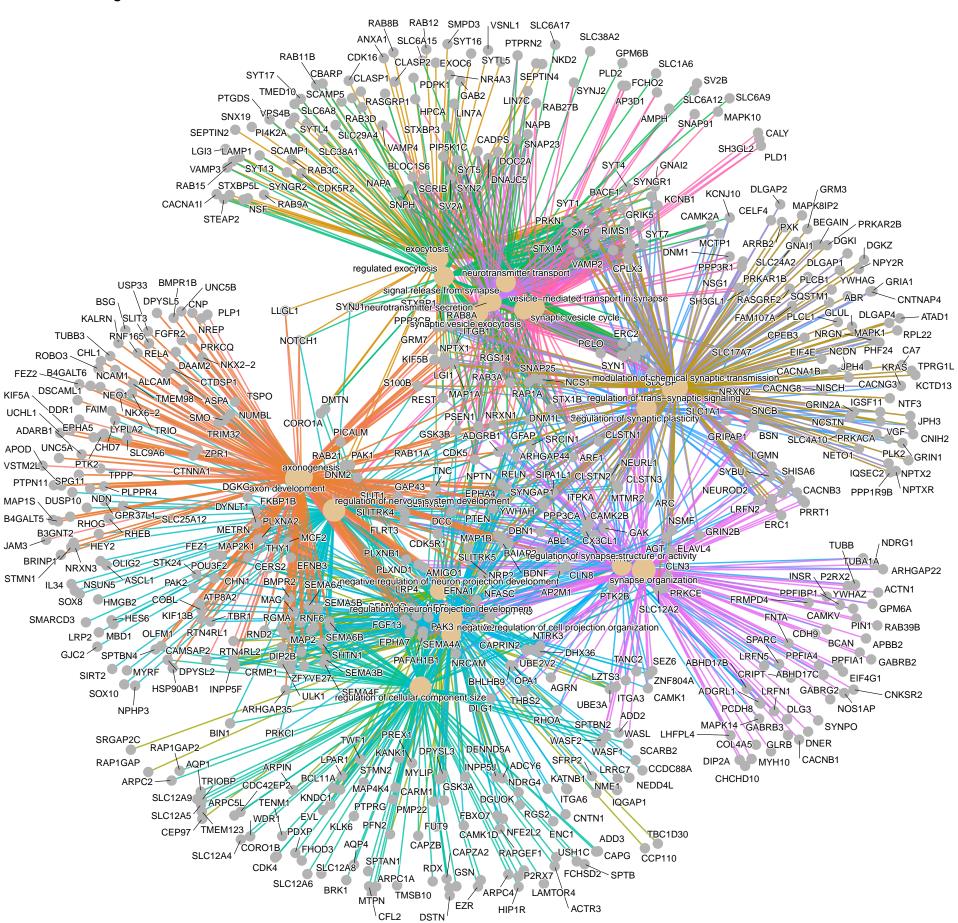

ATP6V0E2

ATPase-coupled ion transmembrane transporter activity

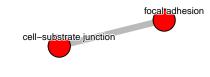

ATP6V0C pyrophosphate hydrolysis-driven proton transmembrane transporter activity ATPase activity, coupled to transmembrane movement of ions, rotational mechanism proton-transporting ATPase activity, rotational mechanism ATP6V1E ATP6V1E1

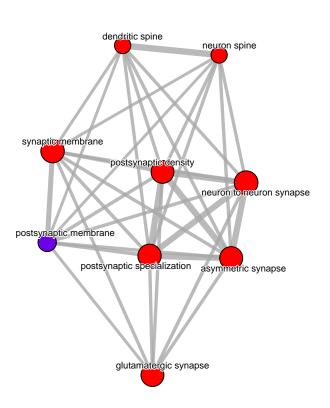

> ATP6V1G2 ATP6V0E1

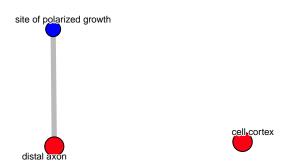

ATP6V1H

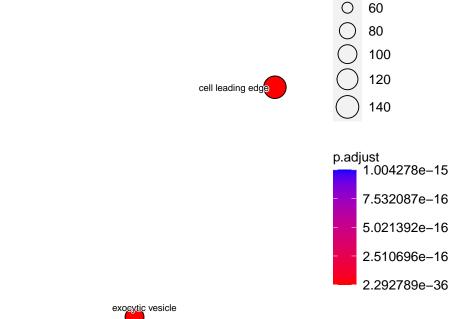

## cluster\_2 Cellular Compartment Modules

transport vesicle

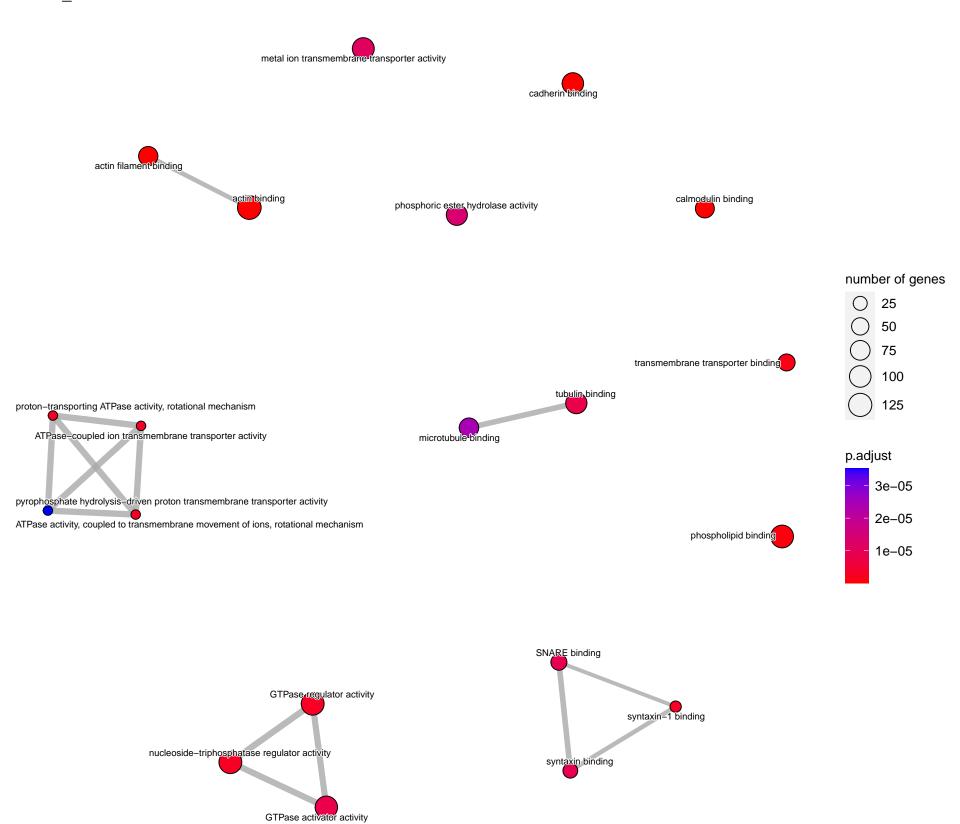

synaptic vesicle membrane

synaptic vesicle

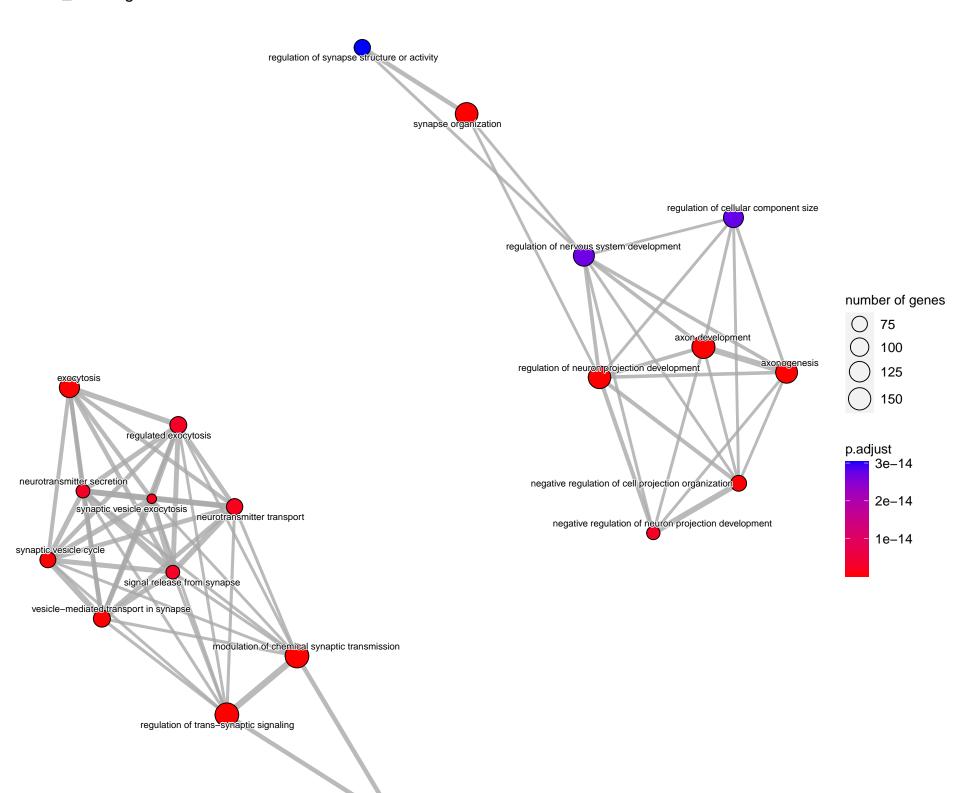

exocytic vesicle membrane

number of genes

## cluster\_2 Molecular Function Modules

## cluster\_2 Biological Process Modules

regulation of synaptic plasticity
